

Jim Warrington - Middle Farm, Mappleton

Middle farm, Mappleton has been home to Jim and Peggy Warrington for the past 52 years. They have brought up their children John, Richard and Anne as well as looking after their business. Although they are semi retired they still sell farm fresh eggs, small bales of hay and straw all year round. You will also be able to get your compost, bedding and basket plants from April to June.

Not ones to sit still the couple still have a busy life Jim who has been on Mappleton Parish Council for over 20 years is currently the Chairman. And as an active member of Hornsea Chamber of Trade, can still be seen in October and November helping put up the Christmas lights around Hornsea town.

Jim who was brought up in Hull and Peggy who lived in Grimsby met and farmed a small farm on the outskirts of Hull before their move to Mappleton working together on the farm, delivering milk around the local area and into Hull. Until Jim decided 19 years ago that 50 years of milking cows was enough and gave up his herd. Always happy to help, call in to Middle Farm Mappleton, on the Hornsea to Aldbrough road or give them a call on 01964 532542
